## Ecobath Toilets BPIR Declaration

Version: 2025

---

Designated building product: Class 1

---

### Declaration

Ecobath Trading Limited has provided this declaration to satisfy the provisions of Schedule 1(d) of the Building (Building Product Information Requirements) Regulations 2022.

### Product/System

Name: Ecobath Toilets

Identifier: CT1088BR, CT10180AR, CT10180ACR, Arrow2231

### Description

Ecobath toilet models feature back to wall and open back models with the rimless dual flushing systems. The heavy-duty durable toilet seats are soft-closing and easy to release. Top/back inlet and left or right bottom inlet cisterns are available.

## Scope of Use

Ecobath Back-to-wall & Open-back Toilets are intended for use for personal sanitation in residential & commercial buildings. All models are floor mounted & are supplied with an S trap pan connector to achieve a wide range of set outs (refer to specification sheet for each model). P trap installation is possible with a straight pan connector (not supplied).

All models feature top and bottom, left or right water inlet options.

## Condition of Use

Installation must comply with AS/NZS 3500 and AS/NZS 6400. Must be installed by a registered plumber in accordance with our supplied instructions. Maximum working pressure: 500kPa. If pressure exceeds 500kPa, a pressure limiting valve must be installed. The pan must be firmly fixed to the floor using the supplied fixing kit. This product is cleanable and impervious to moisture.

## Relevant Building Code

B2 Durability — B2.3.1 (c)

F2 Hazardous building materials — F2.3.1

G1 Personal Hygiene — G1.3.2

## Statement of Contributions to Compliance

B2.3.1(c):

Per B2/AS1, Durability Requirements of Nominated Building Elements for Plumbing Fixtures, Ecobath Toilets have a durability of at least 3 years, when installed and maintained in accordance with our supplied instructions, is easy to access and replace, and failure would be easily detected during normal use.

F2.3.1:

No materials used in the construction of Ecobath Back-to-wall & Open-back toilets give rise to harmful concentrations at the surface of the material where the material is exposed, or in the atmosphere of any space.

G1/AS1 2.6.1:

Ecobath Toilets feature a high gloss surface for hygiene and ease of cleaning. This product is a sanitary fixture constructed and designed to be installed to discharge to a plumbing and drainage system as required by G13 "Foul Water"
